From The Desk of Cdr Robert L. Krieg, AP

Where's the Winter!

Maybe I shouldn't say that too soon, but the ice fishing so far on the canal was one day with 3 inches of ice. The perch were biting too. I did put 10 pounds of ice in the freezer.

The Change Of Watch turned out great! With a nice turn out from our Squadron and other Squadrons as well, the evening at Blossom Heath with good food and drink could not have been better. It's nice to have friends! Thanks again for the gifts. Still trying to figure out if I am a Past Commander or Commander or maybe a Half Past Commander. It Just Doesn't Matter! I like it any way you say it!

Our first Board meeting went longer than usual, we had a lot to cover and we did. We are moving forward to the new year (our tenth year of existence).

The classes are being put together for ABC, and the Engine Maintenance class I am taking is very interesting. I found out there is a lot I forgot and a lot I didn't know. P/C Mike B. is doing a great job.

The Event calendar is being put together and is filling up fast, so get out those calendars and fill them in. All of our events that are planned and the one's that you are going to plan need help; it's more fun in numbers. If we follow what we did last year, it should be a busy year. There is one thing I would like to try, and that is to invite other Squadrons to join us. If you would like to help in an event or host one yourself give me a call or bring it up at the next General Meeting (PLEASE).

Don't forget about the Boat Show and our Fund Raisers. I have worked them both in the past and enjoyed both. It's easy to talk about BOATS and of course our Squadron.

A BIG GET WELL SOON to Bob Moore and Gary Denolf, boating season is coming and my boat needs to be waxed.

Put a Little Brandy in that Coffee and stay warm!

Cdr. Bob

Safety Tips from your Editor

Members of the US Power Squadrons

In the event of a medical emergency, boaters do not have the typical 5 – 15 minute response of an ambulance or easy access to the Emergency Medical System. Therefore, it becomes extremely important for each boater to know exactly what to do when an emergency occurs on his or her vessel. Quick and proper response may be the difference between life and death of a crewmember. Both the US Coast Guard and the US Power Squadrons recommend that every boater take a CPR and First Aid Course and be current in these skills.

The USPS will be offering the American Heart Association's Heart Saver First Aid and CPR Course at our Annual Meeting at the Hyatt Regency in Jacksonville, FL. The Course will be offered on two different days – Wednesday January 25 and again on Thursday January 26.

Please note that this course is not the standard course that would be available through your local Red Cross Chapter, Heart Association Training Center or Fire Department. It contains an added section called "Special Medical Concerns and Emergencies for Boaters"[®]. A USPS member and USCG Licensed Master, Dr. James A. Brown, JN, wrote this section. Complete information on the content of the course (Course Description) as well as the Registration Form is located in our SailAngle File Cabinet.

The information and form can also be retrieved by sending an email to me at: alankarpas@verizon.net. Please let me know which class you want to attend.

A CPR and First Aid course completion certification is required for anyone wishing to get or renew his or her USCG Captain's License or any USPS member wanting to obtain the Boat Operator Certification (BOC) Certifier rating. All American Heart Association Certifications must be renewed every two years. For those of you who have taken the course in the past, you will find that there have been several changes to the CPR procedures that were implemented on 1 January 2011. The course size is limited and early registration is suggested as this course is very popular and always "Sold-Out". Registration deadline is 14 January.

Executive Department—by Lt/C Bonnie Krieg, AP

We are always looking for additional vessel safety check examiners. It can be completed on line. Please consider being an examiner.

Bob and I have been participating in some other squadron events such as change of watch, commander's ball, and sometimes just dinner. If any members are interested, we would love for more of our members to join us. Always great fun!

HAPPY HOUR..... A short period of relaxation for all possible crew members. (e. XX)
The term is believed to have originated in the Navy, about the time of World War I.

Just another reason to love boating!
