Leading Our
Squadron Forward

From The Desk of Cdr Robert L. Krieg, AP

WE MADE IT! June! July! August!

Notice: Bonnie and the Cdr have a NEW Boat, 31 Tiara Hard Top 1990. The 28 Bertram is still for sale. I couldn't wait. The name on the boat is The Donna for now; we are looking for a new name. Do you have any that might fit us (be nice)? How about Cdr & Cdr since Bonnie will be our Cdr. 2013.

What a great year so far, a lot going on. Read that Calendar and join us in some summer fun! There is a lot of hard work put into our Shore Lines and the fliers inside It, so put them to good use. There is nothing better than using your boat or coming out by car to one of our events and meeting up with some friends and making some new ones. I can honestly say that I could not begin to count the people we have met and have become friends with (what a group). And yes there is some work to do, as they say "only get out of life what you put into it". Don't forget the education.

I'd like to thank Bob and Jessica for the use of their time, boat and gas for the Swim For A Cause, Tree of Hope Foundation and the two swimmers (Sara & Jeff) that did 7.25 Miles on May 12th. See pictures enclosed in this newsletter.

St Clair Shores Fireworks Raft Off – We usually meet South of the barge but it does change because of wind. I will be out there early so bring your fenders so you don't scratch my new boat! Everybody usually has a dish of something on their boat for all to snack on and we travel from boat to boat. If it is too rough to tie up we will have a few dinghies to go from boat to boat. I think we had 14 boats last Year.

Still waiting to hear on how we should spend our money that we have earned, like a building or ? Anybody know of a building (please get some facts).

Be Safe out there!

It's been a busy year already for our rescue boats!

As always Cdr Bob ☺

Celebrating 10
Years!

Executive Department—by Lt/C Bonnie Krieg, AP

Greetings Everyone:

Bob and I worked the Nautical Mile Fun Day handing out brochures. It was time well spent. We had people stop by and inquire about our classes not only for themselves but for friends and family. I would like to thank Nancy and Mike for helping with set up.

Mastro's Ice Cream Parlor invited us to use their parking lot for our display any time a city event was planned.

On another note, if event coordinators have any merit mark information, please submit the name and service performed shortly after the event is over.

Remember, don't be the last one on the block to get a vessel safety exam. Give one of our examiners a call.

Thanks to all and have a safe summer.

Bonnie

Education Department —by Lt/C Robert T. Krieg, AP

Finally, some warm weather!

We will need assistance on Wed. June 13th and Wed. July, 18th for proctoring at the ABC classes, just show up around 6:30pm if your available. The educational cruise on the BRISTOL BAY will be June 20th, please contact me if you are interested or have any questions. And, if there are any classes or seminar's that you are interested in, please let me know and we will set up a class. Look for more advanced classes to be scheduled in the Fall and Winter.

On another note, this will be my last year on the Bridge for a while and would like to start training the next SEO. If you are interested, please let me know.

Have a safe summer!

Bob

Editor—P/C Linda M. Lumpkin, S

Safety Tips

Spring has officially sprung and those of us in the cooler climes are anxious to get on the water. While it's been a mostly mild winter, nothing beats what Nat King Cole called, "those lazy, hazy, crazy days of summer." However, we need to be aware of the fact that while summer certainly will feel great again, the heat of the sun that we yearn for can have an unwanted impact on us.

A sunny and warm weekend brings out more boat traffic. If you've taken United States Power Squadrons® (USPS) or United States Coast Guard Auxiliary classes, you may think that you're a pretty safe boater. But, what about the other guy – does he know the "Rules of the Road?"

As the day goes on, even white boating "defensively," we may not be as sharp: tired and maybe dehydrated. The crew may not be much help, because they too may not be any more observant than are you.

So what can we do about it? We're not going to avoid going out on the water so here are a few simple things to help you:

If you have a bimini on the boat, put it up over your crew and yourself. Run the boat from under the shade it gives you. You will be cooler and the shade will make it easier to see your surroundings.

Tanning will still occur, because UV rays will reflect off the water and your boat's surface.

If you don't have a Bimini, wear a hat. The brim will shade your eyes and you'll actually feel cooler.

Wear good polarizing sunglasses. These will block much of the sun's UV rays and you'll see much better. When we are outside, the sun's long-term effects on the eyes can cause problems.

Drink, drink, drink –not beer or other alcohol, which actually accelerate dehydration. Water is best, and juices and other fluids that are good. On a hot day in the sun, if you and your crew aren't perspiring or don't use the head, chances are you're dehydrating. In the extreme, this can cause heat stroke. At minimum, you'll feel more tired.

If you're feeling tired, anchor up or pull in someplace until the sun goes down some more. The rest will also help refresh you.

Remember, there's no substitute for common sense. When you're on the water in an unstructured environment, you need to be sharp. Reinforce your boating skills by taking a boating course. Check for your local Power Squadron's education schedule or contact it through our national website, www.USPS.org.

Hotel rooms feature floor-to-ceiling windows and dramatic views. The newly renovated hotel lobby boasts functional seating and business-friendly amenities in a trendy setting. Enjoy lunch, dinner or cocktails in the onsite Volt restaurant. Also located in the hotel are Starbucks Coffee and forty-two degrees north for American fare. Nearby you'll find the Courtyard Café and Bar, Riverfront Shops Food Court and Andiamo, an Italian restaurant.

Things to do

We have a great program with many fun things to keep you busy in between meetings and seminars. On Tuesday, take in a Detroit Tigers baseball game. Wednesday features a dinner cruise on the Detroit River aboard the Detroit Princess Riverboat. During the day Thursday, you can tour Detroit, and that night, enjoy dinner and local music in the hotel. On Friday, tour the Henry Ford Museum and have lunch at Andiamo. Finish up the week by dining in Greektown and renewing friendships during the Saturday luncheons and evening dinner-dance.

CHAPLAN'S MESSAGE: Fathers Day Prayer

Let us praise those fathers who have striven to balance the demands of work, marriage, and children with an honest awareness of both joy and sacrifice. Let us praise those fathers who, lacking a good model for a father, have worked to become a good father.

Let us praise those fathers who by their own account were not always there for their children, but who continue to offer those children, now grown, their love and support. Let us pray for those fathers who have been wounded by the neglect and hostility of their children.

Let us praise those fathers who, despite divorce, have remained in their children's lives. Let us praise those fathers whose children are adopted, and whose love and support has offered healing.

Let us praise those fathers who, as stepfathers, freely choose the obligation of fatherhood and earned their step children's love and respect. Let us praise those fathers who have lost a child to death, and continue to hold the child in their heart.

Let us praise those men who have no children, but cherish the next generation as if they were their own.

Let us praise those men who have "fathered" us in their role as mentors and guides.

Let us praise those men who are about to become fathers; may they openly delight in their children.

And let us praise those fathers who have died, but live on in our memory and whose love continues to nurture us.
